Assignment 3: Project Presentation

Goal

Present your AI agent idea and proposed architecture in a **clear, engaging, and well-structured presentation**.
Each team has **up to 7 minutes** to present.

Instructions

Each team is required to:

- Schedule a presentation slot using the shared scheduling link
- Prepare a PowerPoint presentation.
- Send the presentation file before your presentation date (see deadlines below).
- **Present the following topics**:
    - The **pain/problem** you aim to solve
    - The **AI agent** you are planning to build
    - A **high-level architecture diagram**

Presentation Requirements

- Presentation length: Maximum **7 minutes** per team
- **File format:** PowerPoint (.ppt / .pptx)
- **File naming convention:**
  Batch{batch_number}_{presentation_order}_{team_name}
- Example: Batch1_03_דוד ודוד סיון,רועי.pptx
- **Language:** Slides in English, presentation in Hebrew

Submission Deadlines

Please send your presentation by:

- **Batch 1:** 11.1.2026 – Noon
- **Batch 2:** 13.1.2026 - End of day
- **Batch 3:** 25.1.2026 – Noon

Bonus Points

- The **best presentation** in each batch will receive **+3 bonus points**
- The **second-best presentation** in each batch will receive **+2 bonus points**

Bonus points are awarded based on:

- Clarity of the idea
- Interesting and innovative presentation
- Engagement and storytelling

What Makes a Good Presentation

A strong presentation should:

- Be **tight and focused**, no unnecessary slides
- Clearly explain:
    - *Why* the problem matters
    - *What* your agent does
    - *How* the architecture supports the solution
- Fit comfortably within **7 minutes**
- Use visuals (diagrams, flow charts) instead of dense text
- **Think outside the box, be creative and interesting**

You are encouraged to apply the **"Start With Why"** approach when presenting your idea: https://www.youtube.com/watch?v=u4ZoJKF_VuA
